

MINUTES OF THE ALUMNI MEET ON 20 JULY 2019

The annual general body meeting of Marian Engineering College Alumni Association (MECAA) of the year 2019 was held on 20th July 2019. It started with a cricket match by 2.00pm at the Marian Engineering College cricket ground. The match was between the Alumni and The present college team. To improve the overall ambience the official meeting was held in the lawn in front of the Administrative block, Marian Engineering College. The programme started by 5.30 pm with a silent Prayer. The Welcome Address was delivered by Rev. Msgr.Fr. Wilfred E, the Manager, Marian Engineering College; the Presidential address was given by Dr. Ruby Abraham, The Principal, Marian Engineering College. The annual report of the Alumni Association was presented by Mr. Pratheek M,(alumnus 2007-2011batch),currently Asst. Professor of the ME department. Most of alumni members from various batches shared their experiences about this college and how the alma mater helped them in moulding their careers. Finally, Vote of thanks was given by Mr. Manu Mohan, (alumnus 2007-2011 batch), currently Asst. Professor in ME Department.

The official programme came to an end with distribution of prizes to the winners and runners up of the cricket match. It was the college team who won the match. Fun games were arranged for the alumni and kids who accompanied the alumni. Subsequently, a set of cultural programmes were performed by the alumni members, and the final year students of MEC. A live band performance by Alumni of the college was the remarkable event of the day. The entire participants of the meeting were served a sumptuous banquet and the event came to an end by 8.30 pm, with a photo session. 220 alumni members were present for the event.

The Marian Engineering College Alumni Association (MECAA) had a good participation due to the overwhelming support of the alumni& executive members, our staff and also with good publicity given under the leadership of Mr. Evankumar, Asst. Professor in ECE Department and the overall convenor of MECAA.
