MARIAN ENGINEERING COLLEGE (Autonomous)

Kazhakuttom, Thiruvananthapuram

REGISTRATION FOR
END-SEMESTER EXAMINATIONS – DECEMBER 2026

All students of the programmes listed below are hereby informed that registration for the First Semester End-Semester Examinations scheduled for December 2026 will be **open from 20-11-2026 to 25-11-2026.**

- First Semester B.Tech
- First Semester M.Tech
- First Semester Integrated MCA
- First Semester MBA

Instructions to Students:

1. Complete examination registration through the **ETLab Student App or ETLab Student Portal** (https://students.etlab.app).
2. Select the appropriate examination and verify the courses displayed for registration. Ensure that all applicable courses are selected.
3. After verifying the course details, submit the registration through the portal.
4. As the examination fees have already been remitted, no additional payment is required.
5. **Download and retain the REGISTRATION SLIP** for future reference.

THE LAST DATE FOR COMPLETING EXAM REGISTRATION IS 25-11-2026.

Students are advised to complete the registration within the stipulated period. The examinations will be conducted as per the slot-wise examination timetable notified separately.

A QUICK GUIDE SHOWING REGISTRATION STEPS IS ATTACHED.

Quick Guide for Examination Registration in
ETLAB STUDENT APP / PORTAL

First Semester B.Tech Degree (R) Examination – December 2026 (2026 Scheme)

IMPORTANT: Examination fees have already been paid. The amount payable during registration should be ₹0. Students must nevertheless verify/select their courses and submit the examination registration.

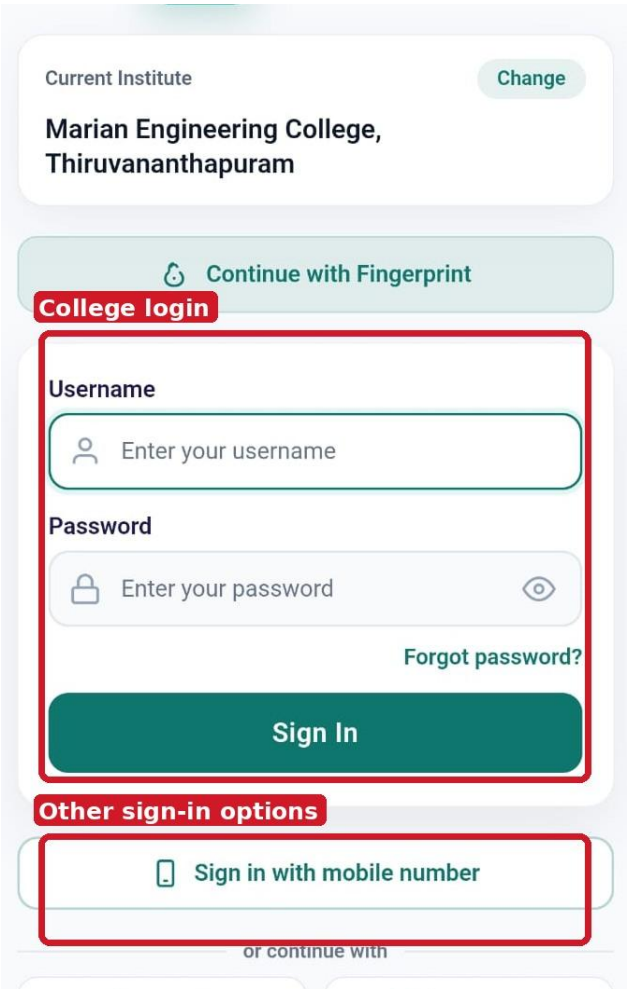

1. Install or open ETLab Student

In Google Play Store, search for "ETLab Student". If it is already installed, tap Open. Otherwise, install the app.

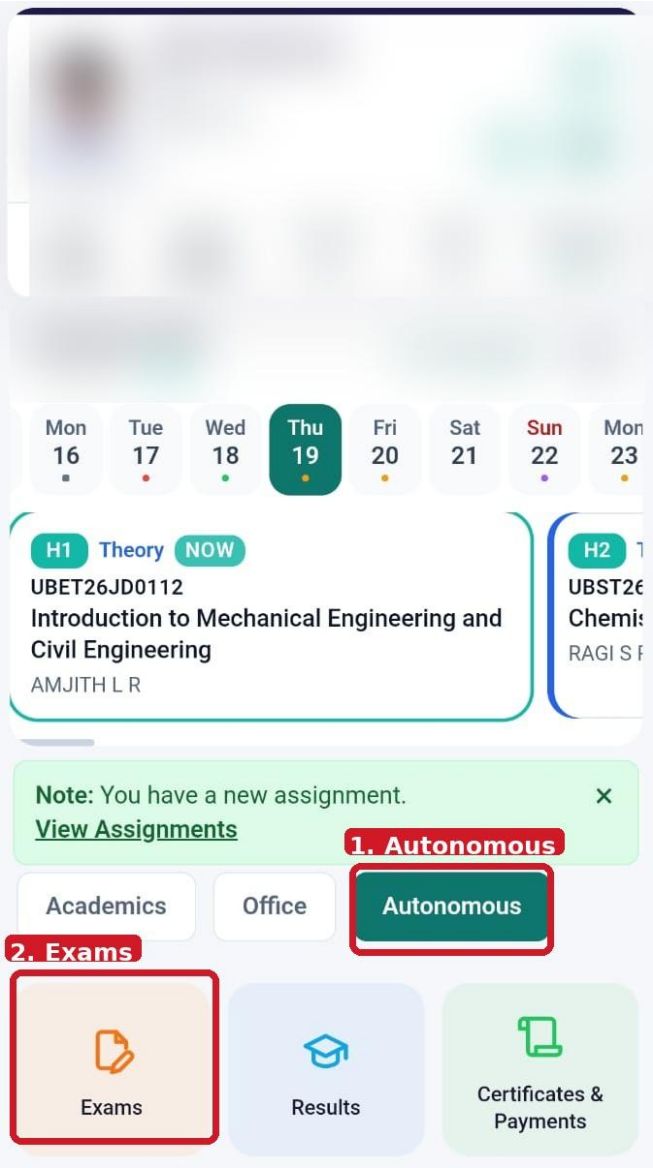

2. Sign in

Select Marian Engineering College, Thiruvananthapuram, if prompted. Sign in using your college username and password, or another sign-in method made available by the college.

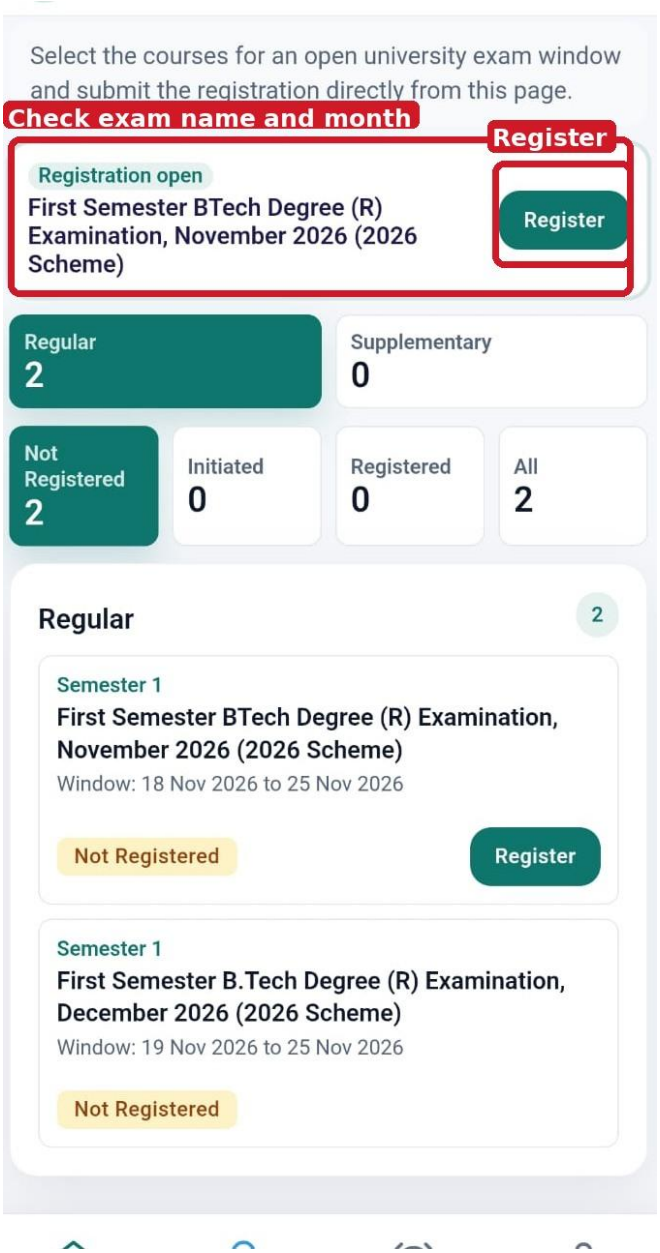

3. Open Autonomous → Exams

On the home screen, tap the Autonomous tab and then tap the Exams icon.

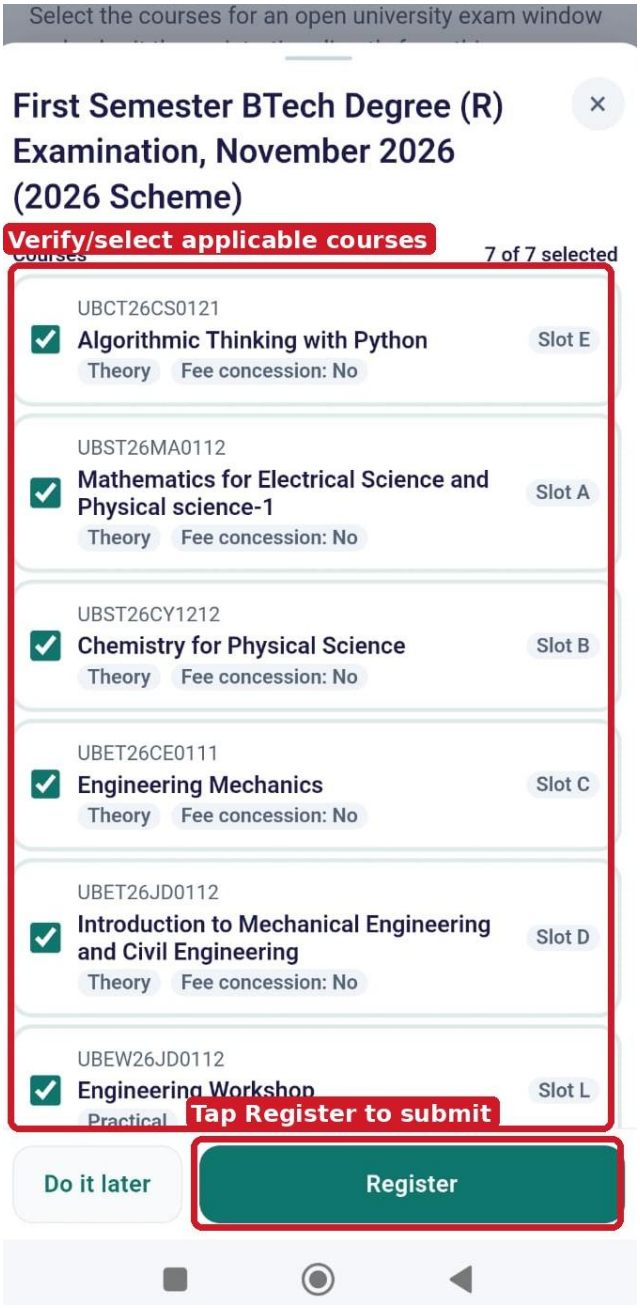

4. Choose the examination

Under Autonomous Exams, locate the **correct examination definition** and tap Register. Verify the examination title, semester and month.

5. Verify/select courses and submit

The registration screen displays the courses for the examination. Check that every applicable course is selected. If a course is not selected, tick its checkbox. After verifying the complete course list, tap Register at the bottom.

After submission

- Check that the registration is successfully submitted.
- The fee payable should be ₹0 because the examination fee has already been paid.
- **Download the fee payment receipt and keep it safely for future reference, even if the amount shown is zero.**

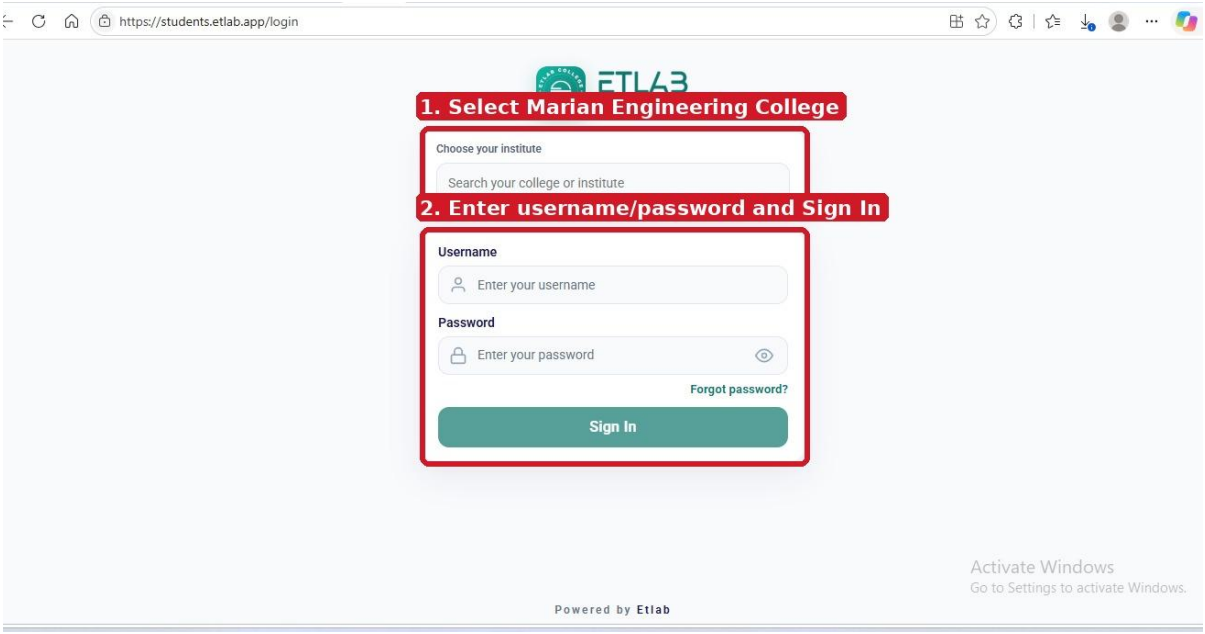

Complete registration within the announced registration window.

ALTERNATIVE: REGISTRATION THROUGH DESKTOP PORTAL

Students may also complete examination registration through the ETLab Student Portal using a desktop or laptop browser. The initial steps are shown below. After opening the examination registration page, the remaining course-selection and submission process is similar to the mobile app instructions above.

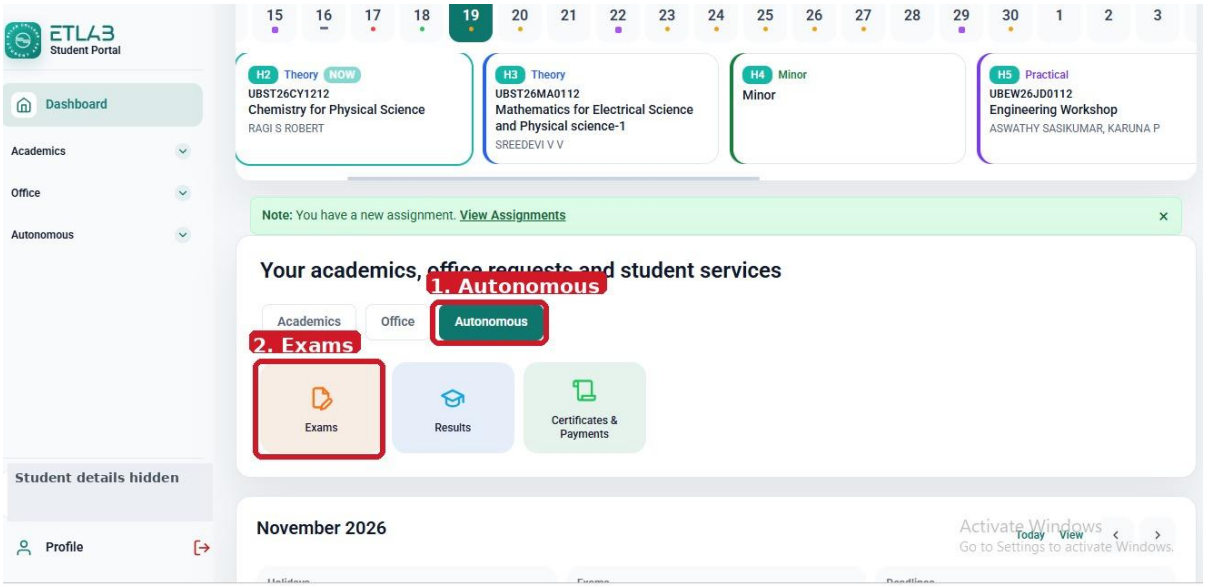

1. Open the ETLab Student Portal and sign in (ETLab Student Portal)

Open https://students.etlab.app/login in your browser. Choose Marian Engineering College from the institute search field. Enter your college username and password, and click Sign In.

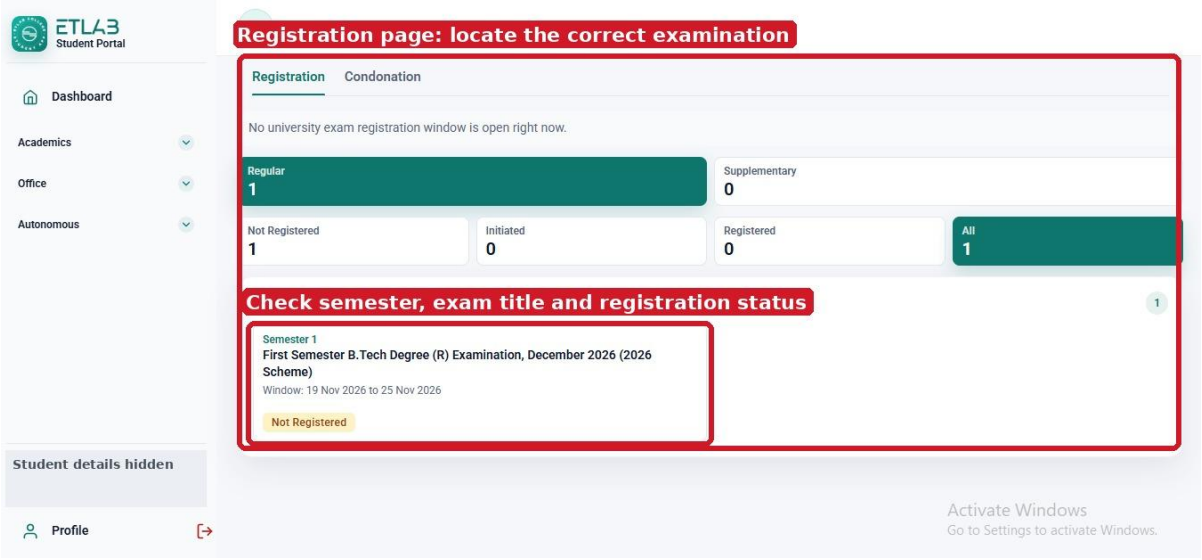

2. Open Autonomous Exams

On the dashboard, select the Autonomous tab and click the Exams icon.

3. Locate the examination for registration

On the Autonomous Exams page, keep the Registration tab selected. Locate the correct examination and verify the semester, examination name and registration window/status. Open the relevant examination to proceed with registration. If the registration window is not open, registration cannot be completed until it is opened.

4. Select courses and submit

Verify that all applicable courses are selected; select any missing course(s), if necessary, and submit the registration using the Register button. The remaining steps are the same as those described in the mobile app section.

Fee and receipt reminder

Since the examination fee has already been paid, the amount payable during registration should be ₹0. Students must still download and retain the fee payment receipt for future reference.

Complete registration within the announced registration window.
