

HARLEY DAVIDSON WORKSHOP

IEEE SB MCE

TIME	9:00AM – 4:30PM
VENUE	MARIAN ENGINEERING COLLEGE

IEEE SB MCE conducted an workshop program from 8th to 9th Feb 2020 at Marian Engineering College.The two day workshop was organized by Industrus Tech and the sessions were taken by Mr.Rahul Eppan(COO of the company) and his companions.

There were a total of 37 students who had adjoined to our workshop,majority were from Mar Baselious College of Engineering and Nehru Institute of Engineering and Technology.

Topics were:-

The model of the bikes,design and working were explained to each of the teams and they had their test rides

After the interactive session, students were taken into the Bishop Beziger Hall for their hand on session. They were taught about the parts of the Street Glide and Iron 883 and they were taught to graphically design the parts of the bikes and logo's. They used Adobe Fusion 360 software for the graphics designing. The class was held till 1pm and then the students were let for lunch until 1:30pm. Then second session was held from 1:45pm to 4:30pm and then the students were dispersed with refreshments.
