

# Report on PITCH TANK

**Event name:** PITCH TANK

**Organized by:** IEEE Student Branch, Marian Engineering College

**Date:** 11 September 2026

**Time:** 12:30 PM – 1:15 PM

**Venue:** CS Seminar Hall

## Event Overview

Pitch Tank was a competitive technology pitching event organized by the IEEE Student Branch, Marian Engineering College. The event was designed to encourage creativity, quick thinking, communication skills, and the ability to present innovative technological solutions within a limited time.

The event followed a unique and engaging format. Each participating team randomly selected a topic card based on emerging technology trend. Teams were given 5 minutes to brainstorm their ideas, structure their approach, and prepare their pitch. Each team was given 3 minutes to present their proposed technological solution before the judging panel. The teams were evaluated based on the clarity, creativity, structure, and effectiveness of their pitch.

Two teams participated in the competition:

1. Pitch Perfect
2. Nexus

The competition featured enthusiastic participation and demonstrated the teams' ability to develop and communicate ideas under time constraints.

Pitch Perfect secured first place with a compelling, articulate, and well-structured presentation. Their pitch effectively communicated the proposed solution and convinced the judging panel. Nexus secured the runner-up position

and showcased commendable creativity and effort in presenting their assigned technology topic.

The Pitch Tank event provided participants with an opportunity to develop their creative thinking, problem-solving, teamwork, and public speaking skills. The time-bound pitching format made the event both challenging and engaging, while encouraging participants to think innovatively about emerging technologies. The event successfully created an interactive platform for students to explore and present technological ideas.
